**Excellent UV resistance, strength, weather-ability
and soil resistance!**

Save 50% or more with VFI-600 Acrylic Elastomer Coating

Existing roofing material need not be removed, saving time, lowering cost and reducing landfill burden.

White VFI-600 has high UV resistance providing lower roof temperatures and cooling costs and can extend the life of an existing roof by up to 15 or more years.

- Non-prorated warranty*
- Restore positive drained EPDM, Hypalon, TPO, PVC, and Bitumen roofs.
- Superior protection from leaks, rust and corrosion on metal roofs.
- Seamless – no leaks
- Self-flashing – greatly reduces or eliminates parapet, stack, vent and pitch pocket leaks
- Can be applied to different substrates
- Cold applied – no torches
- Easy maintenance
- Manufacturer certified applicators

***VFI's Acrylic Coating System, when professionally applied by one of our certified applicators, can be covered by a non-prorated warranty.**
